FOUNDERS DUMFRIES CRICKET CLUB

JANUARY 2017

Dear Member

Please find overleaf a copy of the membership form for 2017. We are delighted to inform you that at the recent AGM, members agreed with the proposal of the Management Committee to retain the full adult fees for the fifth year running.. Membership fees will be accepted behind the bar from Saturday 18th February onwards. It is intended that memberships not renewed will have their fobs deactivated on Friday 17th March.

Below is a copy of my report to the 2016 AGM.

CHAIRPERSON'S REPORT TO AGM 2016

I am pleased to report to this years AGM that the Club continues to thrive in what is best described as a challenging financial environment. We have recorded an increased operating profit for the year at a time when we have continued to invest in the fabric of the building and enhance the facilities for our members. During the last twelve months we have refurbished both the ladies and gents changing rooms, completed squash court maintenance works and installed solar panels. We have also upgraded fitness room equipment.

As I mentioned at last years AGM the management committee were committed to progressing with solar panels at a significant, but fully funded, cost and this work was completed in February. In this short period we have already seen significant benefit to the Club with energy costs reducing and the added bonus of receiving income from the Government. We are always planning ahead and some of the work we would like to undertake in the coming months include the refurbishment of the gents toilets, relaying the main corridor area and further work on the squash courts. The home cricket changing room also requires some work and we are discussing with the cricket section how best to take this forward. We are also conscious that our present heating system is inadequate at times and we are looking at how this can be improved. No doubt members may have their own view on improvements that can be made so please let us know your thoughts.

Membership numbers have increased slightly over the past year and a pleasing aspect is the number of new members who have upgraded after their trial period. A big thank you must go to Michael Goldie our membership secretary who works tirelessly in this regard.

Our sporting achievements are recorded in the section reports and I congratulate both those individuals and teams that have been successful in their particular sport. Of course it is not all about winning and I hope that all members reach their own targets and enjoy themselves in that pursuit.

The management committee are, for the fifth year running, recommending no increase to membership fees which I am sure will be welcomed by all. It is only by prudent management together with the support of our members that the Club remains in a healthy position and I would particularly like to thank Gladys McClymont, Secretary and Treasurer, for her dedicated work throughout the year and also the other committee members whose work can go unnoticed but is greatly appreciated.

Yours in Sport
